

## CASE STUDY: Alexandra Park Eco-centre, Oldham

Client:

Main Contractor:

Contract:

New build eco-Centre

Contract Value:

£175,000

Contract Period:

18 months

Date Completed:

March 2024

About the project:

Built on the site on an ageing depot, Oldham Council invested over £7million into a brand new Eco-Centre. It aimed to be 'carbon neutral' with little or no running costs and provided much needed facilities from office space to operational buildings, greenhouses and storage facilities.

Our role in the project:

SFS, drylining, metal studs, plastering and ceilings.
